DJ'S Corner Still have a fender to paint!

"Call it Edsel of Studebaker."..

Carl & Sheri Thompson's 1934 Chevy Phaeton

After Carl retired, he thought he would have time to start working on a couple projects, then he decided he wanted to be able to enjoy something that was already done. So we started looking... Eventually he found this car that an 81 year old man was selling up in Hillsboro. Of course we fell in love with it and bought it before he even drove it, as it was raining when we went to look at it in February of 2023. I told him I was fine with the purchase so long as it didn't just sit in the garage not being used. The last two summers have been so much fun as we joined the club and have been to many shows and events. One of the highlights was being invited to the Portland Roadster Show where we won Best In Class in our category. We have really enjoyed making lots of new friends in the club and are looking forward to future events and involvement!
